## EDUCATION

Texas State University | BS Computer Science 2021 - 2024

Austin Coding Academy | FullStack Developer Apr 2019 - Feb 2020

Austin Community College | Associate of Applied Science in Marketing Diploma 2014

## PROJECTS

ARM machine code disassembler (2022) | Go | Reverse machine code to ARM assembly instructions.

ARM datapath simulator (2022) | Go | Execution simulation(non hazard) of five stage datapath.

ARM superscalar pipeline simulator (2022) | Go | Simulation of complex pipeline including handling hazard detection and mitigation, full associative cache operation, and arbitrary memory location load/store.

dailyBOOST app (2020) | JavaScript | [github.com/AnnaGD/DailyBoost](https://github.com/AnnaGD/DailyBoost)

Full-stack web app built in JavaScript using React. The application has the user interact with a questionnaire which provides the user with suggested activities to pursue in order to "boost" their daily energy levels. For version 2.0 I'm looking to integrate a variety of API's to engage the user in local events/community.

## WORK EXPERIENCE

BrandPulse | Austin, Texas | Software Engineer, Mar 2020 - Dec 2020

- Developed customer dashboard and web page creation tool using React, and Material UI.
- Built and updated reusable Front-End components and widgets.
- Customized components based on design requirements and feedback from stakeholders.
- Experience with debugging, fixing existing bugs, and writing tests.
- Provide time estimates and story-points using Jira.

Liaison Creative + Marketing | Austin, Texas | Studio Coordinator, Jan 2015 - Mar 2020

- Analyzed projects' procurement and brought attention to any possible blockers or current risks, that prevented tens of thousands of dollars in budget overflows for clients.
- Coordinated travel expense reporting, P-Card reporting, and invoice processing in a timely manner, ensuring correctness.
- Supported the HR team with on-boarding new team members.

## CAREER DEVELOPMENT

Liaison Creative + Marketing Mentor Program | 2019

Participated in a 4 month in-house mentor program that helped me assess and re-align myself for success within my professional pursuits.

### Women Who Code

Attend virtually/in-person events on a monthly basis to connect with other high achieving women in the Austin Tech industry.
